## EDUCATION

---

Axis Institute of Higher Education, Kanpur

Sept.2023- 2026

**Bachelor of Computer Applications**

## SKILLS

---

**Programming Languages:** C, C++, Python, JavaScript

**Web Development:** HTML, CSS

**Backend & Databases:** MySQL

**AI & Automation:** Python scripting, AI assistants (working on a friday-like project)

**Software Tools:** Git, GitHub, VS Code

## INTERNSHIP

---

**Intern - AI & Cloud Technologies**

[certificate](#)

IBM · Internship

Aug 2024- Sep 2024

- Gained hands-on experience in cloud computing, AI-driven applications, and IBM cloud services.
- Worked on practical projects to understand AI workflows and cloud deployment.

## PROJECTS

---

**friday AI – A Virtual Assistant (Currently in Development)**

Mar 2025

- Developing a voice and chat-based assistant using Python, Eel, and OpenRouter's DeepSeek model for smart AI responses.
- Integrates speech recognition, text-to-speech, and system/web command execution with a custom SQLite3 database.
- Designed a futuristic, responsive web interface using HTML, CSS, Bootstrap, and JavaScript animations.

**SahilCalc – A Modern Web Calculator** [Live](#)

Nov 2024

- Developed a sleek and responsive web-based calculator for quick and accurate mathematical computations.
- Ensured **cross-device compatibility**, making it accessible on desktops, tablets, and mobile devices

## ACHIVEMENTS

---

- Building **F.R.I.D.A.Y. AI Assistant** using Python.
- Developed SahilCalc, a responsive web-based calculator.
- Contributed to open-source projects and repositories.
- Completed a one-month internship at **IBM**, gaining hands-on experience in real-world projects and industry best practices.

## HOBBIES & INTRESTS

---

Artificial Intelligence & Automation, Cricket, Video editing.
